Yes

Additional information

Hello!

Whilst you get ready to climb, slide, leap and bounce your way through HydroDash, Singapore's very first floating aqua park!

Here are some information which you may find useful for your visit on day:

- We are located at Palawan Beach, Sentosa within easy walking distance from Beach Station.
- Lockers facilities are available at the restrooms 2 minutes from our ticketing office.
- Proper swimming attire is required. We highly recommend swim leggings and aqua shoes. All swimming attire should be free of rivets, buttons or other hard objects. No jeans or traditional attire are allowed. Please remove your watch, jewelry or other sharp objects before entering the park.

- We remain operational even when it rains. In the event of lightning warning, play will be temporarily suspended for your safety.
- If you have purchased the Inclement Weather Insurance, do email us at hydrodash@palawan.com.sg with your confirmation order number within 30 days of your initial visit as well as your preferred visit date and session time. We will update your booking and send an updated confirmation order. In the event that your preferred date is not available due park capacity, we will get in touch with you.
- No changes to date or refunds will be made in the case of change of mind or wet weather.
- In the event of no show, it would be considered as cancellation and no refund/ reschedule will be given.

See you soon!

Cheers

HydroDash Team
